

SPECIALIST INSURANCE FOR THE AVIATION INDUSTRY

The content of this brochure is for information purposes only and is not intended to give the same amount of detail as your policy wording.

www.santam.co.za

Santam is an authorised financial services provider (licence number 3416).

Terms and conditions apply.

WE'VE LOGGED MORE THAN 350 400 FLIGHT HOURS

With more than 40 years of experience, Santam has established itself as South Africa's leading aviation insurer. Our expertise and commitment ensure you can always count on us when you need us most. Because much like South Africa's best pilots, we have earned our stripes through years of experience. We make sure that every aspect of your risk is adequately covered. This means you get peace of mind knowing your aircraft is financially covered should something go wrong.

Why insure with Santam Aviation?

- We're the market leader. Our extensive knowledge in aviation insurance means you get high quality, comprehensive cover for almost any type of aircraft. Our commitment to exceptional service gives you value-added customer support when you need it most.
- We are knowledgeable and with over 40 years in the industry, we fully understand your risk profile and insurance needs.
- We've streamlined our administrative and claims processes so you get paid out as quickly as possible.
- We are financially stable. We are backed by Santam's reputation and solvency.

We insure a wide range of private and commercial aircraft, including:

- Corporate aircraft
- Experimental aircraft
- Agricultural aircraft
- Gliders
- Rotorwing aircraft
- Microlights
- Non-type certified aircraft
- Drones (private and commercial)
- Charter operators, private owners and recreational flying

Our range of insurance solutions include:

- Aircraft Hull All Risks (comprehensive or ground risk only cover) limit of indemnity \$1 875 000.

- Aircraft Hull War Risk limit of indemnity \$1 875 000.
- Third-party legal liability cover and/or third-party, and passenger legal liability (combined single limit) up to \$10 000 000.

Optional cover:

- Excess insurance (pilots, students/private/professional pilots and owners).
- Aircraft owners and operators liability.

Drone insurance

Remotely piloted aircraft systems (RPA's) or drones are finding increasing applications across all sectors of the global economy, and the development of drone technology has resulted in a multi-billion dollar global industry. Drones are used extensively in farming, in wildlife management to save dwindling animal populations, maintain power lines, monitor traffic flows and provide security surveillance of assets in remote parts of the country.

In response to this growing popularity, Santam Aviation has developed an insurance product that provides the full spectrum of cover for drone owners and operators within the private and commercial space. Santam is one of the few insurers that are willing to insure this niche area of insurance.

Contact us

Take advantage of our depth of expertise by contacting us and see how we can take care of all your aviation needs in a fast, hassle-free manner.
